They kicked off the FunRun with an assembly on Tuesday Sept. 3rd and made visits to the classrooms every day. The day of the fun run they were up bright and early to set up the event and also took down/ cleaned up after the event. To date they are reporting an earnings of \$20,164 but that amount may be a little higher when they come in on Friday to collect any other pledges that came through. Other stats:74% of our students pledged that is a total of 305 students out of 412 Pledges from 25 states. Moving forward we need to decide if we want to use Boosterthon again next year. We need to make a decision ASAP because if we want to secure the same week for next year we will need to sign a contract very shortly. Jenn purchased popsicles for the event which totaled \$81.00 and seemed to be a hit with the hot and tired kids. Discussion opened about continuing to utilize Boosterthon - pros and cons discussed.
